Item	Name of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Description of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Material of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Color of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Size of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Weight of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Volume of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Surface area of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Perimeter of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Diameter of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Radius of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Height of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Width of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Depth of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Length of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Thickness of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Girth of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Circumference of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Area of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Volume of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Mass of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Density of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Specific gravity of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Melting point of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Boiling point of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Freezing point of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Softening point of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Glass transition temperature of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Heat capacity of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Thermal conductivity of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Electrical conductivity of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Thermal expansion coefficient of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Coefficient of friction of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Tensile strength of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Compressive strength of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Flexural strength of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Impact strength of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Hardness of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Modulus of elasticity of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Poisson's ratio of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Creep rate of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Fatigue life of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Corrosion resistance of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Oxidation resistance of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Sulfidation resistance of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Acid resistance of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Alkali resistance of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Salt resistance of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Microbial resistance of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Flammability of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Flame spread of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Smoke density of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Toxicity of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Biocompatibility of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Biodegradability of the item																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																											
Item	Recyclability of the item
